Sew with a ¼" seam and fabrics right sides together unless directed otherwise. Pin units/rows together before sewing.

Front and Machine Appliqué

Trace the appliqué pattern twelve times onto the paper side of lightweight fusible web and cut loosely around each shape.

Note: If you prefer a softer feeling wall hanging, cut out the center of each fusible web shape, leaving about ¼" edge.

Cut each Essentials III 10" square to 8 ½". Following manufacturer's instructions, fuse twelve shapes, one on the wrong side of each of the Essentials III squares. Cut out each shape on the lines and remove the paper backing.

Wrong side

Fuse a white shape onto three TEAL (Teal) backgrounds, a black shape onto three GRN (Green) backgrounds, a black shape onto three TANG (Tangerine) backgrounds, and a white shape onto three PUR (Purple) backgrounds, or as desired. Arrange squares in the color order shown, alternating black and white shapes, with four rows, three blocks per row or in color order desired. Using remaining fat quarters, cut two 3 ¼" circles, a TEAL (Teal) and a GRN (Green); and two 2 ¼" circles, a PUR (Purple) and a TANG (Tangerine). Apply fusible web to back of each circle. Remove paper backing. Fuse a 3 ¼" TEAL (Teal) circle on top of a Row 2 center square and a GRN (Green) circle on a Row 3 center square. Fuse a 2 ¼" PUR (Purple) circle on top of the Row 2 BLK square on the left and a TANG (Tangerine) circle on top of the Row 3 white square on the right. Pin and sew the squares in each row in color order shown or as desired. Press the seams in Rows 1 and 3 in one direction and Rows 2 and 4 in the opposite direction. Pin and sew the four rows together. Press the row seams in either direction. The wall hanging top should measure 24 ½" x 32 ½"

Using black thread, sew a small zig-zag stitch on all sides of the large black and white appliqué shapes. Using color coordinated thread, stitch around each circle with a small zig-zag stitch.

Backing and Quilting

Layer the backing (wrong side up), batting, and top (right side up). Baste layers together with pins for machine quilting or thread for hand quilting. Quilt as desired. Wall hanging shown was quilted with a star shape in the black and white squares and a twisted ribbon in the colored circles. Trim layers even with top.

Sleeve

To make a hanging sleeve, hem the two short ends of the 9" x 32" Essentials III black fabric. With right sides together, sew the long sides. Turn right side out and press, keeping the seam centered on one long side. On the back, center the sleeve, seam side down, and sew one long side to top edge. Hand sew sides and lower edge to backing.

Binding

Using the three 2 1/4" x 42" binding strips previously cut, sew the ends of the strips together. Press in half, wrong sides together. With raw edges even, sew the binding to the front of the wall hanging. Fold binding to the back and hand stitch in place.
